

Terms and conditions for health insurance - Incoming

Dear customer,

The scope of the insurance cover is set out in the insurance certificate, in any separate written agreements, in these insurance terms and conditions, and in the statutory provisions of the Federal Republic of Germany. In these insurance terms and conditions, policyholders and insured persons are referred to as “you”. You are a policyholder if you have taken out an insurance policy with Advigon. You are an insured person if, for example, you have been insured as a travel companion of the policyholder. You can be both an insured person and a policyholder. These insurance terms and conditions apply to you as a policyholder or to you as an insured person.

Your insurance terms and conditions comprise 3 sections.

Section I contains an overview of the types of benefit and the levels of premium associated with them.

In Section II, you will, in particular, find explanations about the insured persons, time limits for taking out insurance and premium payments.

The full description of the types of benefit can be found in Section III.

Section II - General provisions

1 Policyholder, insurable persons and insurance eligibility

- 1.1 The policyholder is the natural or legal person who has taken out the policy with Advigon. The insured persons are those referred to by name in the insurance certificate for whom the premium was paid. Newborn infants of insured persons shall be included in the policy after birth, on the same plan as their parents. This is subject to the following conditions:
- they are insured with Advigon within 2 months of the day of birth with retrospective effect, and
 - the insurance contract was concluded at least 3 months earlier without interruption and
 - no other insurance cover exists.
- 1.2 At the time of application, the following are eligible for insurance:
- 1.2.1 all persons with foreign nationality who are staying temporarily in the Federal Republic of Germany for the purpose of study;
- 1.2.2 persons with German nationality, if they have had their permanent residence abroad for more than 2 years and are only temporary staying in the Federal Republic of Germany as students with a recognised place of study;
- 1.2.3 spouses or life partners and children of the persons listed in clauses 1.2.1 and 1.2.2.
- 1.3 The following persons are not eligible and will not be insured, even if payment of contributions is made:
- 1.3.1 persons subject to mandatory health and/or care insurance in the country of destination;
- 1.3.2 persons permanently in need of care as well as persons whose participation in everyday life is permanently excluded. The mental condition and objective living conditions in particular of said persons shall be taken into account as regards classification. Persons in need of care are those persons who largely require external assistance to complete everyday tasks;
- 1.3.3 persons practising a professional sport.
- 1.4 The insurance contract cannot be signed for persons who do not fulfil the requirements of Clauses 1.1 and 1.2, even if the premium is paid. If, however, the premium is paid for these persons, a refund is available to the person paying the premium.

2 Taking out insurance, commencement, duration and termination of the policy and insurance cover

2.1 Taking out insurance and commencement of the policy

- 2.1.1 The application for an insurance contract may be made at any time. It must be concluded for the total remaining period of the stay.
- 2.1.2 The insurance contract is concluded when Advigon has received the correctly completed application form for this and has sent you confirmation of insurance. The application is only considered correctly completed when it contains all the requested information in an unambiguous and complete form.
- 2.1.3 If clauses 2.1.1 or 2.1.2 are not met, the insurance contract is not valid even if the premium is paid. In this case, the person paying the premium is entitled to a refund.

2.2 Commencement of insurance cover

The insurance cover begins on the date indicated on the insurance certificate (commencement of insurance), after the waiting periods have elapsed. The prerequisite for this is that the policy is valid. No benefits are provided for insurance cases that arose before the start of insurance cover or before the waiting period elapsed.

2.3 Duration

The insurance applies for the agreed duration. The longest possible insurance term is 5 years. The maximum insurance period is also

applicable under consideration similar insurance contracts that were not previously held with Advigon.

2.4 Termination

The statutory provisions concerning the right to termination in exceptional cases remain unaffected by these agreements. The insurance cover ends upon termination of the insurance contract. The insurance contract also ends for insured events not yet concluded or pending

- 2.4.1 at the agreed time;
- 2.4.2 with the death of the policyholder; the insured persons may extend the insurance policy within 2 months of the policyholder's death by nominating a future policyholder;
- 2.4.3 if the eligibility criteria are no longer met.

2.5 Insurance year and waiting periods

- 2.5.1 An insurance year is considered to be a period of 12 months. The first insurance year commences on the date the insurance policy begins. If a benefit which is limited per insurance year is claimed in an insurance year, insurance cover for this benefit once the benefit limit is reached is restored only after this insurance year elapses. If a benefit is limited per insurance year, insurance cover for this benefit continues until the benefit limit is reached, even if the contract duration is less than 12 months.
- 2.5.2 If the insurance cover or benefits entail waiting times, these are calculated from the start of insurance. Unless special waiting times are specified below, the general waiting time is 31 days. The general waiting time does not apply if the application is made within 31 days of arrival. The date of arrival must be proven on request from Advigon. The waiting time also does not apply to accidents or to medical interventions to avert acute mortal danger. A comparable prior insurance policy that existed following arrival without interruption up to when this insurance commenced is counted against the general waiting time. The limitations on the obligation to pay benefits under section III 3 (Limitations to the insurance cover) and the special waiting times continue without restriction.

3 Scope of the insurance cover

- 3.1 The insurance cover applies during the temporary stay in Germany and for temporary trips outside Germany and outside your home country. For trips to the USA or Canada, this insurance cover is limited to 14 days per trip. Home country as per this condition is considered your permanent residence before your temporary stay abroad.
- 3.2 For insurance contracts lasting at least 12 months, insurance cover also applies during a temporary return to your home country, notwithstanding clause 3.1. Insurance cover in your home country is limited to a maximum of 6 weeks for all stays in the home country per year of insurance.

4 What requirements must be complied with when paying the premiums?

4.1 Premium amount

The premium for an insured person is shown by the premium overview.

4.2 Payment of the first or one-off premium

- 4.2.1 The first or one-time premium is due at the start of the contract.
- 4.2.2

If you fail to pay the first or one-off premium on time, you have no initial insurance cover, unless the non-payment or delayed payment is for reasons outside of your control. If the reason for the failure to make payment on time is within your control, however, insurance cover starts only after payment.

- 4.2.3 In addition, Advigon will be entitled to terminate the contract so long as the premium remains unpaid. This does not apply if the reason for non-payment is beyond your control.

4.3 Payment of subsequent premiums

- 4.3.1 If the subsequent premium is not paid on time, Advigon will send you a reminder and will set a time limit of 2 weeks.
- 4.3.2 If you have still not made the payment when this deadline expires, Advigon is entitled to terminate the contract, if it has drawn your attention to this when the reminder was sent.

- 4.3.3 If Advigon has terminated the policy and you pay the amount demanded within one month of receiving the termination, the policy shall continue. However, no insurance cover is provided for insurance events that have occurred between the deadline and the payment.

4.4 Collection of premiums

If you have agreed to the premium being collected from your account by direct debit, this will take place as soon as the mandate has been set up. The payment is considered to have been made in a timely manner if Advigon can collect the premium on the due date, and you do not dispute collection of the correct payment.

If Advigon is unable to collect the premium due for a reason beyond your control, the payment shall still be considered to be on time if payment is made immediately upon receipt of the written reminder from Advigon.

4.5 Calculation of premium

How the premium is calculated is set out in the basic technical calculation criteria of the insurer. If the premiums change, including due to a change in the insurance cover, the premium-related age (age group) reached by the insured person when the change enters into force is taken into account.

5. What requirements must be met when the benefit payment is made?

5.1 Due date of the payment

Once the proof of insurance and premium payment are available and Advigon has confirmed the amount of benefit and its liability to pay it, Advigon will pay this within 2 weeks.

If the liability to pay is confirmed, but the amount of benefit has not been established within one month of receipt of the claim form by Advigon, a reasonable down-payment on the benefit can be demanded.

If official enquiries or a criminal prosecution have been initiated against you in connection with the insured event, Advigon can postpone the settlement of the claim until the legal conclusion of this process.

5.2 Costs incurred in foreign currencies

Advigon converts the costs using the euro exchange rate valid on the day the records are received. The official exchange rate applies unless the currency to pay the bills was acquired at a less favourable rate.

Advigon is entitled to deduct additional costs that arise if Advigon needs to make transfers abroad or if particular forms of payment are requested by you.

5.3 Benefits from other insurance policies

If, in the case of an insured event, a benefit can be claimed from another insurance policy, that other policy shall take precedence. If the insured event is reported to Advigon first, Advigon will make an advance payment and will contact the other insurer directly regarding cost-sharing.

6. Which legal jurisdiction applies, and what is the limitation period for claims from the policy?

To whom do the provisions apply?

The German Insurance Contract Act (VVG) and in principle the laws of the Federal Republic of Germany apply in addition to these provisions, unless international law states otherwise. Any claims arising from this insurance contract expire in 3 years. Expiry by limitation is measured from the end of the year in which the claim can be made. When you make a claim, the limitation period will be suspended until you receive a written decision from Advigon.

All provisions of the insurance policy also apply mutatis mutandis to the insured persons.

7 Offsetting

Counter-claims may be offset against claims of Advigon only if the counter-claim is uncontested or legally established.

8 What should be considered when contacting us?

All notifications and statements intended for Advigon should be directed in writing to the address stated in the insurance certificate. The language of the policy is German.

Section III – Description of benefits

1 Scope of insurance

1.1 Medically necessary treatment of an insured person due to illness or accident is considered to be an insured event. The insured event starts with your treatment. It ends once it is medically established that no further treatment is needed. If the treatment needs to be extended to an illness or consequences of an accident that is not causally linked to treatment up to that point, a new insured event shall be considered to have occurred. An insured event is also deemed to be the death of the insured person, examinations and medically necessary treatments for complaints during pregnancy and delivery, as well as outpatient check-ups.

1.2 During your stay, you have free choice of the doctors, dentists and hospitals recognised and accredited in the country of destination. Hospitals must be under permanent medical management. They must have sufficient diagnostic and therapeutic facilities and manage case histories. These hospitals may not carry out any spa treatments or sanatorium treatments, nor may they accept convalescents. Advigon reimburses the costs arising in accordance with clause 2 (Insured benefits).

1.2.1 In Germany, Advigon reimburses the costs for medically necessary medical treatment up to the so-called threshold values of the German Scale of Medical Fees (GOÄ) and the German Scale of Fees for Dentists (GOZ). The following are deemed to be the so-called threshold levels for payments

- according to the fee schedule for dentists (GOZ), 2.3 times the fee rate,
- according to the fee schedule for doctors (GOÄ) pursuant to no. 437 and Section M (laboratory services) of the fee schedule for doctors, 1.15 times the fee rate,
- according to Sections A, E and O (technical services), 1.8 times the fee rate,
- for all other services of the GOÄ, 2.3 times the fee rate.

1.2.2 Outside Germany, Advigon assumes the costs arising from medically necessary treatment, if the fees were based on the relevant official current fee schedule - if available - or based on fees generally charged for similar medical care in the local area.

1.3 Advigon only pays for diagnostic and treatment methods and medications that are universally or generally recognised by conventional medicine. In addition, it pays for methods and medications which have proved equally promising in practice, or which are used because no conventional methods or treatment are available (e.g. treatment and prescriptions following the specific therapeutic directions of homeopathy, anthroposophic medicine and phytotherapy). Advigon can, however, reduce payments to the amount that would have been incurred by the use of available conventional methods or medications.

2 Insured benefits

If an insured event occurs, Advigon provides the following benefits, if they are insured under the plan selected by you, the insured event occurred after the start of insurance cover, and the waiting times have elapsed. An overview of these can be found in Section I of these insurance terms and conditions.

If benefits for aids are foreseen in the plan selected, the following objects are considered to be aids: Bandages, trusses, inlays, crutches and compression stockings, hearing aids, corrective splints, artificial limbs/prostheses, cradles and seat shells, lifts with

disabled access, breathing monitoring equipment, infusion pumps, inhalation devices, oxygen monitors, baby monitors, orthopaedic back, arm and leg support apparatus and speech devices.

2.1 Treatment expenses

Medical treatment within the meaning of these terms and conditions is defined as medically necessary

- 2.1.1 outpatient treatment by a doctor;
- 2.1.2 pain-relieving, preservative dental treatment, including simple fillings as well as repairs of existing dental prostheses, provided these are carried out or prescribed by a dentist;
- 2.1.3 medication and dressings prescribed by a doctor (medication does not include nutritional products and tonics or cosmetic preparations even if prescribed by a medical practitioner);
- 2.1.4 radiation therapy, light therapy and other physical treatments prescribed by a doctor;
- 2.1.5 massages, medicinal packs, inhalations and physiotherapy prescribed by a doctor;
- 2.1.6 basic aids prescribed by a doctor that are required for the first time solely as a result of an accident and used to directly treat the consequences of the accident;
- 2.1.7 in-patient medical treatment that cannot be delayed under general care insurance (multiple-bed room) without optional services (treatment by private doctor);
- 2.1.8 screening check-ups for the early diagnosis of cancers in accordance with statutory programmes introduced in Germany, after a waiting time of 6 months has elapsed;
- 2.1.9 screening out-patient check-ups for children in accordance with statutory programmes introduced in Germany.

2.2 Insurance benefits in the event of pregnancy and birth

Advigon reimburses

- 2.2.1 the costs that arise from a medically necessary pregnancy examination, pregnancy treatment, childbirth up to the end of the 36th week of pregnancy (premature birth), treatment relating to a miscarriage, and a medically necessary abortion;
- 2.2.2 the costs of delivery after the end of a waiting period of 8 months. The reimbursement of corresponding examination and treatment costs by midwives is possible only if the costs are not also charged concurrently by a doctor.

2.3 Transportation costs

Advigon will reimburse the costs for ambulance transport to the nearest suitable hospital or doctor, and back to the accommodation.

2.4 Repatriation of mortal remains and funeral costs

Advigon reimburses the necessary additional costs that arise in the event of the death of an insured person through the transfer of the deceased to the home country, or assumes the cost of burial in Germany up to the level of costs that would have been incurred for the repatriation of mortal remains.

3 Restrictions to insurance cover

3.1 Deductible and restrictions of cover

- 3.1.1 The deductible for out-patient treatment amounts to EUR 10 per insured event.
- 3.1.2 The deductible for childbirth is EUR 700 per insurance year.
- 3.1.3 If a medical treatment exceeds the medically necessary level or if the expenses for medical treatment exceed those generally charged for similar medical care in the local area, Advigon can reduce the benefits to a reasonable level.

3.2 Exclusions of cover

Advigon does not pay out

- 3.2.1 if you have wilfully brought about the insured event or attempt to make fraudulent representations to us as to the circumstances which are material to the grounds for providing cover and the amount of insurance benefits;
- 3.2.2 for treatments that were the sole reason or one of the reasons for commencing the trip and for treatments whereby it was clear at the start of the trip that such treatment would be necessary if the trip was undertaken as planned, unless the trip was undertaken due to the death of the spouse/civil partner as defined in the Civil Partnership Act or a relative of the first degree;

- 3.2.3 for treatment that was the sole reason or one of the reasons for taking out the insurance and for treatment whereby it was clear when the insurance was taken out that such treatment would be necessary during the duration of the contract;
- 3.2.4 for illnesses and complaints and their foreseeable consequences existing when the policy or follow-up policy respectively is taken out and known to the insured person as well as the consequences foreseeable for the insured person of such illnesses and accidents that have been treated in the last six months before the policy is taken out;
- 3.2.5 for such illnesses, including their consequences, or consequences of accidents which were caused by foreseeable acts of war or active participation in civil unrest and were not explicitly included in the insurance cover; acts of war or internal unrest are considered to be foreseeable if the Foreign Office of the Federal Republic of Germany - before the start of the journey - issues a warning against travel for the country in question;
- 3.2.6 for spa and sanatorium treatments and rehabilitation measures, unless these treatments result from an insured, entirely in-patient hospital treatment due to a major stroke, major heart attack or a serious skeletal disease (disc surgery, hip replacement) and serve to shorten the stay in an acute hospital, and services which were agreed in writing by the insurer before the start of treatment;
- 3.2.7 for addiction treatment, including withdrawal treatments;
- 3.2.8 for out-patient treatment in a spa or health resort; the restriction does not apply if the treatment becomes necessary due to an accident at the location; for illnesses it does not apply if you were visiting the spa or health resort only briefly and were not staying for the purposes of treatment;
- 3.2.9 for treatments by spouses, parents or children or by persons with whom you are living in your own home or in a home being visited; documented material costs will be reimbursed according to the plan selected;
- 3.2.10 for such illnesses, including their consequences or consequences of accidents caused by nuclear energy, or other interventions by authority;
- 3.2.11 for treatment or accommodation caused by infirmity, a need for care or custody;
- 3.2.12 for hypnosis, psycho-analytical and psycho-therapeutic treatment;
- 3.2.13 for dental implants, pivot teeth, bridges, crowns, bridges, orthodontic treatment, prophylactic treatment, dental splints and tracks, treatments and implant dental treatments involving functional analysis and functional therapeutic measures, provided no other regulations exist in the plan selected;
- 3.2.14 for pregnancy deliveries within the waiting time of 8 months;
- 3.2.15 for aids, even if prescribed by a doctor, if they are not required as a result of an accident and used to treat the consequences of the accident.

4 General obligations and consequences of breaches of obligations

4.1 Obligation to minimise costs

You have a duty to keep the claim as low as possible and to avoid anything that could lead to an unnecessary increase in costs.

4.2 Obligation to provide information

You must promptly and accurately complete and return the claim form to Advigon. If Advigon considers it necessary, you have a duty to allow an examination by a doctor appointed by Advigon to take place.

4.3 Obligation to provide proof

You must submit the following proof, which thereby becomes the property of Advigon:

- 4.3.1 Original receipts containing the name of the person treated, the designation of the illness and the information from the doctor in attendance on the treatment provided showing type, location and period of treatment. If other insurance cover for treatment costs is available and if this is used first, then copies of invoices noting the refund are sufficient as evidence.
- 4.3.2 Prescriptions together with the doctor's invoice and invoices for medicines and aids together with the prescription.

- 4.3.3 An official death certificate and a doctor's certificate which details cause of death, if costs of repatriation of mortal remains or burial are to be paid.
- 4.3.4 Further proof and receipts that Advigon requests in order to check its obligation to pay, if the procurement of such proof and receipts can reasonably be expected of you (e.g. proof of the date of arrival).

4.4 Obligation to secure claims for compensation against third parties

- 4.4.1 If you have a basis to claim compensation from a third party, this right shall be assigned to Advigon, provided that Advigon will pay the damages. You must protect your claim for compensation or your right to secure this claim, taking into account the applicable formal requirements and deadlines, and assist in pursuing the claim if necessary. If your claim for compensation is against a person with whom you were living at the time of the event, the assigned claim cannot be pursued unless this person caused the damage deliberately.
- 4.4.2 Your claims towards treating personnel who have charged an excessively high fee will be transferred to Advigon if the latter has reimbursed the costs. If necessary, you have a duty to assist in pursuing the claims.

4.5 Consequences of non-compliance with obligations

If you deliberately fail to comply with the above-mentioned obligations, Advigon will be released from the obligation to provide benefits. In the event of failure to meet obligations as a result of gross negligence, Advigon is entitled to reduce the benefit in proportion to the extent proportional to the culpability of the individual. If you demonstrate that you did not fail to meet an obligation as a result of gross negligence, the insurance cover remains unchanged.
